- 13) The medical provider may at any time recommend modification or elimination of the regimen of medical, psychiatric, or psychological care or treatment, upon certification to this Court that to do so would not create a substantial risk of bodily injury to another person or serious damage to the property of another. Any party requesting modification or termination of the Conditions of Release shall submit adequate documentation supporting the request through the Supervisory U.S. Probation Officer, to the Civil Division of the U.S. Attorney's Office for the Southern District of Alabama, for a determination as to whether a motion for release should be filed.
- 14) Mr. Archey's failure to adhere to any of these conditions will result in him being located, taken into custody, and subsequently reviewed by the federal court of jurisdiction for suitability for continued release to the community.

The Bureau of Prisons shall release the respondent after all release arrangements are satisfactory and complete.
